College awarded Centre of Excellence for another year

SGS College has been awarded the Chartered Institute of Purchasing and Supply (CIPS) Centre of Excellence for the twelfth time.

This prestigious title is awarded following a rigorous and challenging auditing process. The College was given the accolade for a number of good measures which include high recruitment across Levels 3, 4, 5 and 6, industry-experienced lecturers delivering high-quality provision, and students consistently achieving above benchmark success in exams.

Head of Professional and Financial Services Debra Bennett comments: "We are thrilled to be awarded the CIPS Centre of Excellence again, which recognises the quality of this distinct provision. It highlights the experience and commitment of the CIPS team to ensure learner and employer needs are met."

The College has successfully offered the CIPS provision Level 3–6 for 25 years and will be extending this offer to include the Associate Project Management Qualification (PMQ) in the very near future. The Professional and Financial Services department was graded Outstanding in the most recent Ofsted report and praised for the quality of its provision.
