

28 September 2021

Parent/Carers
Filton Avenue Primary School

Dear Parent/Carer

On behalf of Trust in Learning (Academies), I am writing to inform you that the Trust Board has agreed to open a formal consultation (known as a significant change) on a proposal to close the Orchard Campus part of Filton Avenue Primary School from September 2022 with the transfer of all pupils to the Lockleaze Road site from that date.

In addition, a second, but linked consultation, will take place on the school requesting to reduce its Published Admission Number from 120 to 90.

We have put together several documents which I would urge all stakeholders to read as they provide important background information on why these proposals, and these consultations, have been deemed necessary. All the documents can be found on the Filton Avenue Primary School website or the Trust in Learning (Academies) website. The links to both can be found below:

[Trust in Learning \(Academies\)](#)
[Filton Avenue Primary School](#)

The documents also provide you with information as to how you can respond to these proposals.

It is important to hear from parents, both those whose children are currently placed at Orchard Campus and those at Lockleaze Road as these proposals will affect everyone.

Yours sincerely

Mark Davies
CEO, Trust in Learning (Academies)
